With superior Double Wall Insulation and a silicone seal on the lid for effective ice retention, this range of ice pails not only look the part but they are highly functional too. Incorporating a carry handle and clip for the tongs this model is practical and stylish. Constructed from 18/10 Stainless Steel and polished to brilliant mirror finish, they will stand the test of time.

Insulated Coolers

Manufactured from 18/10 Stainless Steel and with elegant and timeless designs for products that will stand the test of time. With Double Wall Insulation they are perfect for keeping beverages cool. These double wall single bottle coolers are a minimum of 10cm in diameter to accommodate most standard wine and champagne bottles.

Oversized Coolers

The Elia Insulated Oversized Coolers are a stunning centre-piece for events and gatherings. These stylish and practical products are perfect for parties. Unlike single wall coolers, the Double Wall ensures a condensation free experience on the outside surface which is especially key for such large coolers. Manufactured in 18/10 Stainless Steel with a satin finish and the Double Wall Insulation they are as effective as they are attractive.

Wine Coolers

Elia wine coolers have become a part of the UK Catering and Hospitality landscape. With a variety of styles and sizes available, there is a product to suit every occasion. The brushed satin finish is a welcome contrast against the mirror finished offering and with a selection of Elia wine stands to choose from, these coolers can be presented in various ways in any establishment. Free standing on the table to ensure wine takes centre stage or to the side, placed in an elegant stand.

Serving Trays

The Round Tray features a silicone base that forms a non-slip surface on both the top and bottom, this clever tray is the ideal solution for serving any beverage in any situation. The integral silicone surface offers the ability to withstand extreme temperatures whilst also repelling any liquid that may be spilled. The reinforced stainless steel base is resistant to warping and cracking. Rolled edges make it easy to lift and carry whilst the satin finish means it remains finger mark resistant. Stackable for easy storage and dishwasher safe, this tray is available in 2 sizes. Style and function combine in a classic design that will last.

Rectangular Tray - 18/10 Stainless Steel

This stunning rectangular tray is perfect for serving in high-end establishments. The well-designed handles ensure it is a pleasure to use whilst also being highly attractive. With all of the advantages of 18/10 Stainless Steel, a fantastic mirror finish and a classic yet contemporary design, this tray is a wonderful choice. Gift boxed in stylish black and silver, this serving tray will also make a wonderful gift.
