About Elia

Welcome to the Elia Product Portfolio. Sharply focused on product development we offer an exceptional choice of high quality, innovative, yet highly functional products. From striking cutlery and bone china, to lead-free crystal glassware, stylish barware and beverageware items–each piece has been perfectly crafted to offer luxury without compromising on durability. From everyday dining to high-end gastronomy, stadiums to boutique hotels there is a product and range to fulfil the diverse needs of front of house professionals and fit any environment.

At Elia we choose our partners very carefully–searching out some of the best designers in the world to transform our ideas into detailed specifications. Likewise, the manufacturers of our products are all internationally recognised for excellence in their field.

For domestic customers, Elia tableware is available from discerning retailers across the UK, while a national network of Catering Wholesalers is in place to supply the needs of the Hotel, Restaurant and Hospitality industry.

For a current copy of our trading partners in your area, please contact our sales office on Tel: 020 8998 2100 or email: sales@elia.co.uk

Design & Craftsmanship

Elia International Ltd. have been supplying quality products to the professional industry over the course of many decades and continue to consistently bring unique and versatile products to market. Based in Buckinghamshire, their tabletop products have firmly established themselves in the UK and International hospitality and retail industry.

With a sharp focus on ergonomic design and elegant craftsmanship, Elia are committed to using original ideas to develop their evolving product collection. Designing in-house and working alongside renowned designers, Elia are in constant pursuit of beauty in form and quality in finish with an unwavering commitment to functionality. Meticulous in their approach, every product has its own unique story.

Seeking out only the best manufacturing techniques internationally and commissioning only master craftsmen, Elia are confidently paving the way to becoming specialists in their trade.

The Elia cutlery collection is one of the most extensive in the UK and each range has been carefully crafted to ensure it elevates the dining experience. Every single item that bears the Elia stamp has been thoughtfully designed and attentively produced in either a shining mirror or luxurious satin finish, in the perfect blend of 18% Chrome and 10% Nickel Stainless Steel.

Beechwood Blue & Green

A beautiful way to present and store your Elia cutlery, these canteens have a smooth beechwood finish with a luxurious blue or green velvet interior. These stylish canteens with their modern design are the perfect solution to keep your Elia cutlery safe whilst not in use. The beechwood canteens can accommodate most cutlery patterns in 44 or 60 piece sets.
Due to the unique shape of Elia cutlery, specific designs can only be stored in certain canteens. Contact our Sales team for further advice on your ideal canteen option.

The stunning collection of Elia Premier Bone China is something to take pride in. Thoughtfully designed with the same exquisite finish, items within the Orientix, Miravell and Glacier ranges are fully interchangeable with their beautiful, creamy glaze. This enables the diner to create their own table setting using the classic and contemporary shapes and styles available. The selection of pieces in the range is outstanding in its vastness; from beautifully curved bowls to teapots that pour with finesse. Microwave and dishwasher safe, they will not disappoint in their functionality nor aesthetics.

Elia Fine Bone China contains a minimum 50% bone ash content and has all of the advantages of its composition, including strength, durability and a fine, translucent finish. This collection displays the most alluring designs and includes the use of real Platinum and Gold. Each piece is a treasure to behold and a stunning addition to any table setting.

Cubiq

Symmetry is beauty and this is even more apparent when presented with Elia's Cubiq range. Composed of beautiful Fine Bone China, this design features a real Platinum band and intricately hand-painted gold squares and detailing. The attention to detail in this understated yet luxurious collection is undeniable. The shining gold and Platinum combine perfectly with the soft white glaze to produce a shining addition to any tabletop. Another impressive feature of the range is their stunning impression when pieces are stacked on top of each other to enhance the gleaming pattern and attractive symmetry.

Maypole

The Elia Maypole collection is classical in its design yet still contemporary, with a beautiful soft grey pattern and real platinum detailing. The marble effect of the grey, paired with the luxury of the materials all combine effortlessly with the soft white glaze for an unrivalled Fine Bone China range. Maypole creates a stunning feature when pieces are placed on top of each other to accentuate the symmetry of the design. Not suitable for use in microwave ovens, hand wash recommended.

Contemporary and classic designs that are truly timeless provide an understated simplicity on the table. Coupled with the weightlessness of such Fine Crystal, ensures that wine takes centre stage. Lead-free Crystal provides a brilliant, colourless finish that allows for the true colour of wine to be fully appreciated. Each piece has been carefully considered by our in-house design team to ensure an elevated experience that enhances both the aroma and flavours of wine.

Each piece is masterfully hand crafted in lead-free Crystalline. Mouthblown by skilled Craftsman and flawlessly hand-finished, their experience is key to ensuring such beautifully thin stemware. The balance of ultra-fine delicacy and durable stability, is what sets the Sommelier approved Elia Fine Crystal collection apart.

Leila

Our most comprehensive range of Sommelier approved stemware, the classic lines of Leila exude the elegance and weightlessness of fine crystal, allowing for wine to take centre stage. The elongated bowls of the Leila range allow for wines to proceed effortlessly to the back of the mouth and envelop all flavour sensations.

Serving Trays

The Round Tray features a silicone base that forms a non-slip surface on both the top and bottom, this clever tray is the ideal solution for serving any beverage in any situation. The integral silicone surface offers the ability to withstand extreme temperatures whilst also repelling any liquid that may be spilled. The reinforced stainless steel base is resistant to warping and cracking. Rolled edges make it easy to lift and carry whilst the satin finish means it remains finger mark resistant. Stackable for easy storage and dishwasher safe, this tray is available in 2 sizes. Style and function combine in a classic design that will last.

This is where Elia began their story and it remains one of the most extensive collections available today, with every single item crafted to perfection. Renowned for their quality, durability and finishing, the Elia beverageware items are some of the finest available on the market. The Elia range does not disappoint.

The collection includes tea and coffee makers as well as tea and coffee pots. There is a huge array of insulated and vacuum beverage servers to suit any setting which not only pleases the eye, but they also have incredible thermal retention.

Some are available with a removable infuser which can be used for hot or cold drinks. Beverage dispensers, glass-lined and stainless steel-lined airpots complete the range - with a large number of sizes, shapes and designs to choose from. The focus is primarily on functionality whilst balancing this with creating an impressive product to grace any table top.

Satin Cafetiere

Constructed from 18/10 Stainless Steel and with a fingermark resistant brushed finish for a stylish, contemporary look that is also practical. An insulated lid provides both safety and comfort of use. The double filter system ensures it is easy to use and will release all of the natural flavours of tea or coffee. A reinforced, heat-resistant Pyrex glass beaker is included.

Twelve Sided Cafetiere

This Cafetiere design from Elia features an innovative and stylish Twelve-sided body, crafted from 18/10 Stainless Steel for practical and elegant style. Meticulously polished to a high mirror shine, the multi-faceted design really enhances the stunning finishing. Available in 3, 6, and 8 cup sizes. The double-wall insulation of both the body and lid ensures beverages are served hot, whilst the hollow handle prevents heat conduction, ensuring safety when pouring and handling. Incorporating a triple filter inside the plunger, this allows all of the natural flavours of loose leaf tea or coffee to be released. The body of the product is dishwasher safe, whilst the lid and filters are hand wash only.

This Black Airpot Lever-Type Dispenser is a welcome addition to an already extensive beverageware range. The glass liner provides superior thermal retention for many hours, the lever type dispenser in a matt black vinyl finish is sure to stand out. Perfect for events and conferences, this is a sought after choice in the industry. With a durable stainless steel body, it comes with tags to identify the contents inside easily.

Inscribed Glass Lined Vacuum Airpot - Lever Type

Inscribed with crisp lettering to read ‘Tea’, ‘Coffee’, or ‘Hot Water’ to reduce the risk of taste contamination or confusion over contents. The large capacity and highly efficient thermal vacuum enables beverages to be kept hot or cold for a long time. The swivel base allows all-round dispensing for maximum convenience.

- Available Inscribed with “Tea”, “Coffee”, or “Hot Water”
- Swivel base for 360° dispensing
- Removable lid and spout for easy cleaning
- Superior vacuum glass lining
- Lever-type dispensing for neat and easy service

Stainless Steel Vacuum Dispesner

This 6.5L Stainless Steel Vacuum Dispenser is well suited to conferences, catering operations, and a wide range of hospitality environments where reliable beverage service is required. The brushed stainless steel exterior provides a clean, professional appearance, while the shatterproof vacuum liner offers dependable temperature retention, keeping beverages hot or cold for up to 6–8 hours without the need for external heat.

The removable top allows for straightforward filling, while the front tap supports smooth and controlled dispensing during service. Ergonomic carry handles and a secure locking lid with rubber seal provide added convenience and reliability in use, and the removable drip tray assists with maintaining a tidy service area and simplifies cleaning after use.

- 6.5 litre capacity
- Durable mark resistant brushed stainless steel exterior
- Shatterproof vacuum liner
- Front tap dispensing for speed in service
- Removable top for straightforward filling
- Secure locking lid with rubber seal
- Removable drip tray for easy cleaning
- Ergonomic carry handles for convenient use

Chafers

Roll Top 216

Classic 218

The Elia range of Chafing Dishes is unique in its aesthetic appeal whilst still being highly functional. Made from the highest quality 18/10 Stainless Steel, this premier collection of chafers is both user friendly and beautiful.

The collection features designs that are both classic and contemporary to suit any dining situation. All Elia Chafing Dishes are constructed from a heavy gauge stainless steel to ensure optimum stability and durability for the end user.

Roll-Top Chafers

These 18/10 heavy gauge Stainless Steel Chafing Dishes incorporate a roll top mechanism that has a smooth open and close function for ease of use. This easy serve adjustable lid stops at 90 or 180 degrees, and the lid can be removed entirely for easy cleaning. Comes complete with food pan, water pan and water collector pan to collect condensation. Suitable for use with standard chafing fuel or heating elements.

Notes

Product Care of Use

Every Elia quality product, from individual parts to the finished product undergoes a comprehensive series of stringent quality checks to ensure efficient and effective use and long service life for you.

Cutlery

Do:

- Follow the instructions provided with your dishwasher.
- Remove cutlery promptly after the wash cycle and hand-dry with a soft cloth.
- Load knives into the dishwasher with the blade pointing downwards for safety.
- Use a liquid or a cream detergent—not powder.
- Rinse or wash stainless steel cutlery after use. Prolonged contact with salt, vinegar, egg, acidic fruits, detergents or some mineral salts in tap water can cause pitting or staining.
- Take special care with knives. The blades have a higher carbon content, which creates a sharper cutting edge but is also more prone to corrosion.
- Polish away any stains using a stainless steel polish.

Don't:

- Use a rinse and hold cycle—cutlery left in a damp atmosphere can become stained or damaged.
- Mix silver-plated and stainless steel items in the same cycle.
- Use wire wool or abrasive cleaners, as these may scratch the stainless steel.
- Soak or store stainless steel cutlery in damp conditions, as this may cause staining and require polishing.

Chinaware

Premier Bone Chinaware

- Fully vitrified collection, lightweight & durable.
- Follow the instructions provided with your dishwasher.
- Dishwasher safe
- Microwave safe
- Oven safe
- Freezer safe

Fine Bone Chinaware

- This collection is hand finished in precious metals.
- We recommend hand wash only.
- Not suitable for use in a microwave.
- Avoid using abrasive materials when cleaning.

Glassware

- Handmade fine crystal glass must be handled with the highest of care.
- Wash soon after use, either by hand with warm water or in a glass washer on your dishwasher's glassware setting (between 45–55°C).
- Ensure the washer is free of limescale and salt to maintain the brilliance of the glass.
- Place glassware carefully in the washer rack—standing yet stable and not touching to avoid indelible scratches or cracks through vibration impact. We recommend a glass rack for professional use.
- As soon as the wash cycle has finished, open to release the steam and allow the fine crystal to air dry.
- If further polishing is required by hand, use a microfibre cloth and dry carefully. Ensure the glassware has fully cooled before storing.
- When polishing, always hold the glass by the bowl and rim. Avoid twisting from the base and rim, as this puts pressure on the stem.

Beverageware

- For your safety and optimum performance, please follow the specific instructions that come packaged with your Elia beverage product.
- Care of use instructions vary item by item.
- Elia beverage products are designed for table-top use only. In order to avoid spillage, please keep upright at all times.
- Do not store or use when in any mode of travelling, as this product is only for table-top purposes.
- For your safety, please remember that Elia vacuum jugs & dispensers maintain a very high thermal efficiency with hot beverages. Never forget that a hot beverage is stored.
- These products should only be handled by knowledgeable adults. Keep out of reach of children.
- Do not fill with carbonated drinks of any kind. This will avoid leakage through the spout and lid and could result in damage to any moving mechanisms.
- Do not fill with warm milk or baby food as temperatures above ambient may lead to the growth of micro-organisms capable of causing gastro-enteritis. However, this does not apply to hot or cold milk.
- Do not place on hot surfaces or attempt to heat contents from the exterior; such as in ovens, microwaves or on hot plates.

Terms of Trading

Delivery
All orders over the value of £250.00 excluding VAT will be delivered free of charge within mainland UK. Orders less than this value will incur an additional delivery charge. Any shortages or damages on delivery must be notified to Elia International Limited in writing, with photographic evidence, within 3 days of receipt. Please note that deliveries to Ireland, Northern Ireland and some other areas in the UK may incur a higher delivery charge.

Prices and Payment
All prices are subject to VAT at the prevailing rate. Payment terms are 30 days net for customers with an account facility. Customers without an account will be dealt with on a pro-forma basis only.

Returns

All returns are subject to written authorisation by Elia International Ltd.

Guarantee

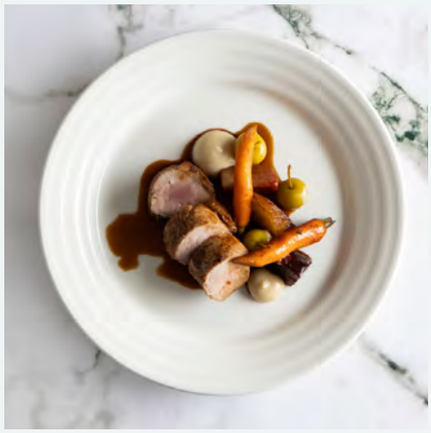

A one year guarantee is applicable against manufacturing defects only.

Orders
All orders are subject to acceptance by Elia International Ltd, or appointed regional distributors. The minimum order is one inner pack per item.

Changes
Changes to pricing, specifications, models and terms may occur without prior notice. Elia International Ltd. will however make every reasonable effort to provide customers with advance warning of such changes.

Product Specification
Please note item dimensions, weight and gauges detailed may vary slightly as the provided measurements are approximate.
