

This is where Elia began their story and it remains one of the most extensive collections available today, with every single item crafted to perfection. Renowned for their quality, durability and finishing, the Elia beverageware items are some of the finest available on the market. The Elia range does not disappoint.

The collection includes tea and coffee makers as well as tea and coffee pots. There is a huge array of insulated and vacuum beverage servers to suit any setting which not only pleases the eye, but they also have incredible thermal retention.

Some are available with a removable infuser which can be used for hot or cold drinks. Beverage dispensers, glass-lined and stainless steel-lined airpots complete the range - with a large number of sizes, shapes and designs to choose from. The focus is primarily on functionality whilst balancing this with creating an impressive product to grace any table top.

Satin Cafetiere

Constructed from 18/10 Stainless Steel and with a fingermark resistant brushed finish for a stylish, contemporary look that is also practical. An insulated lid provides both safety and comfort of use. The double filter system ensures it is easy to use and will release all of the natural flavours of tea or coffee. A reinforced, heat-resistant Pyrex glass beaker is included.

Twelve Sided Cafetiere

This Cafetiere design from Elia features an innovative and stylish Twelve-sided body, crafted from 18/10 Stainless Steel for practical and elegant style. Meticulously polished to a high mirror shine, the multi-faceted design really enhances the stunning finishing. Available in 3, 6, and 8 cup sizes. The double-wall insulation of both the body and lid ensures beverages are served hot, whilst the hollow handle prevents heat conduction, ensuring safety when pouring and handling. Incorporating a triple filter inside the plunger, this allows all of the natural flavours of loose leaf tea or coffee to be released. The body of the product is dishwasher safe, whilst the lid and filters are hand wash only.
